The application will be made to the Blue Mountains Flexible Community Grants Program and would need to be in by 29th June 2014. This is a part of the Community Recovery Fund put together by the State and Federal Governments to assist the community in recovery after the October 2013 bushfires. It is thought that the signs would provide a good form of visual communication to parents and members of the community in the event of subsequent bushfire or other emergencies.
- Motion to join the application with WPS and WHS – Rona Hulbert. Seconded – Kate Morrissey. Motion Passed.
